

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatia which affected my heart. In the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

PRACTICAL FAILURE

Predicted For Investigation of Staff Branches of the Army.

ARMY OFFICERS OBJECT

To Giving Testimony Before a Board Without Power to Compel Answers. Shafter Makes His Report—No More Men Will Be Mustered Out—Other News.

Washington, Sept. 14.—The difficulty which is being experienced in the construction of the proposed commission for the investigation of the conduct of the staff branches of the army during war with Spain, has excited some discussion in military circles as to the possibility of the practical failure of an investigation by a commission. It develops that there is a decided disapproval among army officers of the proposition to have the conduct of the war investigated by a civil commission which cannot be clothed with any judicial authority.

The objection is not on account of any prejudice against civil authorities interfering in military matters, but is due to the fact that testimony before a commission not possessing judicial authority would be in a manner voluntary and would, it is said, put officers in the attitude of gratuitously giving testimony which might be damaging to individuals or to the administration of the war department.

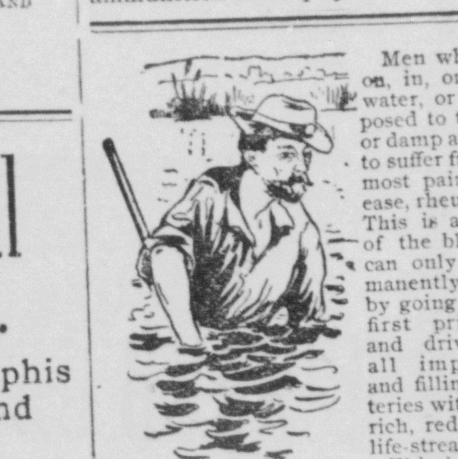

Army officers say that it would be no trouble to get all the information there is concerning the campaign at Santiago, the management of the war through the department and the operations of the medical, the quartermaster's and the commissary departments, if a tribunal or board were organized with authority to compel testimony, but that officers will not jeopardize their own interests nor put themselves in the attitude of being voluntary informers, when the composition of the commission making the inquiry is not such as to make it compulsory upon them to tell what they may know. They say it will be impossible for a commission not having the power to compel testimony to get at the facts.

Most officers, they say, will make it a point of honor, as well as a matter of self-interest to decline to give testimony of any importance unless compelled to. If the commission could compel testimony, an officer giving testimony which might be damaging would have the excuse that he had no choice but to tell what he knew. In the absence of authority to compel testimony the witness would have a right to conceal or to decline to disclose any facts in his possession.

EFFECTIVENESS OF ARMS.

Commission Appointed to Ascertain Which Pattern Was Most Serviceable.

Washington, Sept. 14.—The war department is preparing to look into the effectiveness of the arms in use during the Santiago campaign, as it furnishes a practical demonstration of their service under trying conditions and in actual warfare. To this end a board of officers has been named, as follows: Major Stanhope E. Blunt, Major Daniel M. Taylor, Captain Beverly W. Dunn and Lieutenant George W. Burr. They are ordered to meet at Camp Wikoff for conference with officers who were at Santiago, Cuba, with a view to obtaining information useful to the ordnance department concerning the action in equal service of the caliber 30 magazine rifle and its ammunition, the caliber .45 Springfield rifle and its ammunition, and the modern field artillery with its ammunition and equipment.

Men who work on, in, or by the water, or are exposed to the cold or damp are prone to suffer from that most painful disease, rheumatism. This is a disease of the blood and can only be permanently cured by going back to first principles and driving out all impurities, and filling the arteries with a new, rich, healthy life-stream. This is the reason why Dr. Pierce's Golden Medical Discovery is an unfailing cure for that disease. It creates a keen and hearty appetite. It cures all disorders of the digestion and makes the assimilation of the life-giving elements of the food perfect. It invigorates the liver and tones the nerves. It is the greatest of all blood-purifiers. It is the greatest of all blood-makers and makes the blood rich and healthy. It builds firm, healthy flesh, but does not make corpulent people more corpulent. Unlike cod liver oil, it does not make flabby flesh, but tears down the unhealthy tissues that constitute corpulency, carries off and excretes them, and replaces them with the solid, muscular tissues of health. It drives all impurities, disease germs and acids from the blood. Dr. Pierce's Common Sense Medical Adviser many sufferers from rheumatism, whose cases were considered hopeless, tell the story of their recovery under this wonderful medicine. Their names, addresses and photographs are given by their own request, and anyone who wishes to do so may write them. Good druggists sell the "Golden Medical Discovery." When a dealer gives some substitute he's thinking of the larger profit he'll make—not of your welfare.

I suffered from rheumatism in my left shoulder and elbow," writes Rev. William Williams, of Trinity Station, Morgan Co., Ala. "Dr. Pierce's Golden Medical Discovery completely cured me at a cost of only four dollars." For a free, paper-covered copy of Doctor Pierce's Common Sense Medical Adviser send 21 one-cent stamps, to cover mailing only. Cloth-bound 50¢ stamps. Address: Dr. R. V. Pierce, Buffalo, N. Y. A medical library is one 1008-page volume.

WILL NOT AVAIL.

Tremendous Pressure to Have Troops Mustered Out.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. The situation does not admit of further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. The purpose at the outset was to muster out 100,000 volunteers. A little over 96,000 have been mustered out, and more will be mustered out, no matter what influence is brought to bear. The retention of the volunteers now in the service has in view the Philippine situation more than that of Cuba and Porto Rico, though there is a great deal of vagueness as to the danger apprehended there.

No New Cases of Yellow Fever.

San Juan de Porto Rico, Sept. 14.—No new cases of yellow fever have been reported from Ponce. The total remains at four cases, including two deaths, both of privates of the Nineteenth regular infantry. The board of surgeons is investigating these cases but has not yet made its report. Probably they will be found sporadic, and it is believed that they originated in the Spanish jail. Every precaution is being taken. General Brooke is inclined to doubt the diagnosis.

Sixth Illinois.

New York, Sept. 14.—The Sixth Illinois, from Porto Rico, enroute for home, disembarked from the Manitoba at New York yesterday afternoon. The men were in good shape and very few were sick.

SHAFTER'S REPORT.

It Covers the Whole Cuban Campaign. Will Not Be Made Public at Present.

Washington, Sept. 14.—General Shafter yesterday submitted to the war department his report on the Santiago campaign, covering not only the battle of Santiago, but the entire progress of the military invasion of Cuba. The general, accompanied by his aide, Captain Miley, came to the department during the afternoon and in person handed the report to Adjutant General Corbin. He also brought with him two Cuban machetes to be presented to Mrs. Alger as mementoes of the campaign. The report is a voluminous document covering, with the supplementary report of division commanders, about 200 typewritten pages. Of this, General Shafter's report forms about half.

After submitting the report General Shafter conferred for some time with Acting Secretary Meiklejohn and Adjutant General Corbin. It was stated afterward that the report would not be made public for the present, the desire being to place it first in the hands of the president and Secretary Alger and sufficient time for a mature consideration of its contents. After that there is little doubt the material portion will be made public. It repeats a story already pretty well known, although there is much interest in the view which the commanding general takes of several features of the campaign.

IN CONSULTATION.

President and Members of the Cabinet in Conference.

Washington, Sept. 14.—Several members of the cabinet were at the white house in consultation with the president last night. Secretary Day spent some time there, presumably conferring over the instructions to the peace commissioners, and Secretaries Long and Bliss were also at the mansion.

Two of the gentlemen selected by the president to investigate the conduct of the war have practically accepted, Colonel Sexton and Dr. Gilman. The latter arrived in the city last night. Favorable responses are looked for from General Dodge and Dr. Keen, thus insuring four members of the body.

FOR THE INSURGENTS.

American Bark Abbey Lands Arms and Ammunition.

Manila, Philippine Islands, Sept. 14.—The American bark Abbey, with a cargo of arms and ammunition from the United States, which left Canton, ostensibly for Singapore under heavy bonds 10 days ago, has now, it is said, landed Krag-Jorgensen rifles and cartridges in Batangas province for the insurgents. The report seems impossible, though it comes from a good source.

The indications yesterday were that the insurgents intend to comply peacefully with the American request to leave the suburbs of Manila on Sept. 15.

NURSES DESERT.

Thirty-Three Return to Their Regiments at Lexington, Ky.

Lexington, Ky., Sept. 14.—Thirty-three nurses deserted from division hospital. They were privates detailed from various regiments and they went back to their regiments. They will be put under arrest as deserters and tried by court-martial. One of General Sanger's staff said last night that the men will be dealt with very severely.

Member of the 139th Indiana.

Philadelphia, Sept. 14.—Two sick soldiers who had been removed from camp to hospitals in this city died yesterday. They were: William Robinson, Company H, One Hundred and Fifty-ninth Indiana volunteers, of Indian Rock, W. Va., and John McIntire, Company H, First Pennsylvania volunteers, of Norristown, Pa. Both died at the Episcopal hospital of typhoid fever.

**Jews to Be Furloughed.**

New York, Sept. 14.—Adjutant General Corbin of the United States army, has consented and issued orders that 4,000 Jewish volunteers, who had either joined volunteer regiments, or had seen fighting at the front, during the late Spanish-American war, should receive furloughs to enable them to participate in the celebrations of the Orthodox Jewish Congregational Union of America.

May Be Brigadier General Durbin.

Anderson, Ind., Sept. 14.—A private telegram received here yesterday states that Colonel W. T. Durbin of the One Hundred and Sixty-first Indiana volunteers, at Jacksonville, Fla., has or will be appointed this week as brigadier general. The persons having the telegram refuse to say more.

Will Stay Till Frost Comes.

Camp Meade, Pa., Sept. 14.—The troops at this camp will stay in Pennsylvania until heavy frosts in Cuba make it safe to send the boys there for garrison duty.

Lawton's Health Report.

Washington, Sept. 14.—The following is General Lawton's daily health report for Santiago: Total sick, 796; total fever, 471; total new cases fever, 73; total returned to duty, 207; 1 death.

Loss Greater Than Estimated.

Vancouver, B. C., Sept. 14.—It is now estimated that the property loss of the New Westminster fire is greater than first announced. Major Owens and a commission have gone over the burned district and they estimate the loss at \$3,400,000. The insurance aggregates \$1,500,000.

Snow Succeeds Woodruff.

Salt Lake, Sept. 14.—At a special meeting of the Council of Apostles held yesterday, Lorenzo Snow was chosen president of the Church of Jesus Christ of Latter Day Saints, to fill the vacancy caused by the death of President Woodruff.

CUBANS SUSPICIOUS

Fear the United States Will Establish a Policy of Guardianship.

EASY TO FORESEE A CLASH

La Lucha's Comments on the Situation.

Gomez Favors Disbanding the Cuban Troops — Presidential Election — The Evacuation Commission — An American Protectorate Not Favorably Received.

Havana, Sept. 14.—The presence of Robert P. Porter, who is in Havana on a special commission from the United States government to study the financial and economic aspects of the situation, is regarded with suspicion by the party of free Cuba, as indicating the establishment of an American policy of guardianship.

Mr. Porter is preparing a revision of the Cuban tariff, which will probably be protective of Cuban industries, and is acquainting himself with every detail of local taxation.

His efforts and inquiries, taken together with the announcement that American troops will be sent later to occupy the island—which had hitherto been doubted by many—have had the effect of provoking protests from the more rabid Cubans, who are holding meetings and adopting resolutions against "Encroachment upon our rights as citizens of the free and independent republic of Cuba by the establishment of an American protectorate."

Comments editorially upon these developments La Lucha says: "It is easy to foresee a clash between the two tendencies—two forces on the political horizon of Cuba—the sentimental independent nationalists. On one hand stands the Cuban sentiment which has struggled for freedom for three years; on the other is arrayed every material interest in the island, which looks first and foremost for the greatest and strongest guarantee, not only that order would be preserved, but that there will be a future development in these very interests."

"It is too early yet to predict with which party the victory will lie, but the leaders of the national Cuban party should not allow themselves to be carried away by the natural exaltation and fiery temperament of their race. They should proceed with tact and discretion at this juncture, for, otherwise, annexation may become an accomplished fact far sooner than is expected."

General Maximo Gomez is known to favor the early disbanding of the Cuban troops and return to the arts of peace. The American and Spanish evacuation commissioners have decided that, for the present, they would discuss the more important points to come under their consideration by letter and only meet in joint session later to discuss details. Therefore no joint sessions will be held for some time.

These two problems, independence and annexation, are the chief topics discussed, and the idea of an American protectorate, with military occupation, is nowhere favorably considered. Everywhere it is recognized that the choice is between independence and annexation.

Next month, at the headquarters of the so-called Cuban republican government at Caba, province of Puerto Principe, representatives of the different corps of the Cuban army will proceed to a presidential election and a definite constitution of the government.

Already four presidential nomination tickets are in the field. On the first are the names of Bartolomeo Maso for president and Meldez Capote for vice president; on the second, the names of Jose Miguel Gomez for the second; on the third are Jose Miguel Gomez and Pedro Betancourt, and on the fourth Calixto Garcia and Jose Miguel Gomez.

All the railroads were yesterday allowed injunctions by Judge Jackson against the local ticket brokers disposing of any of these G. A. R. tickets.

MISSING

Wealthy Coal Dealer and Contractor of Newport, Ky.

Newport, Ky., Sept. 14.—Charles Spinks, a very wealthy coal dealer and street paving contractor of this city, is missing and is believed to have been drowned while inspecting his coal barges. He carried \$125,000 life insurance. He also had large interests in street paving contracts in Louisville and New Orleans.

The Maine Election.

Portland, Me., Sept. 14.—The returns from the state election are very slow, 228 towns out of 430 have been heard from, and they give Powers (Rep.), 40,597; Lord (Dem.), 22,296. The same towns in 1894 gave Cleaves (Rep.), 50,633; Johnson (Dem.), 22,973. This shows a Republican loss of about 20 per cent. Revised figures in the First district with three small towns missing, shows a plurality for Reed of 5,313. His plurality in 1891 was over 9,000. In the Second district Burleigh's majority is between 7,000 and 8,000.

Gone to Manitoba.

Flora, Ind., Sept. 14.—Peter O'Reilly, superintendent of the poor farm, has abandoned his position and his family and gone to Manitoba. He "squared up" with the commissioners, drew his salary and left here, and arriving in Chicago, wrote his wife that he would not return, but would send money with which to educate their daughter. The county commissioners say the poor farm was never in a better condition than when under Mr. O'Reilly's management.

Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from catarrh which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

PRACTICAL FAILURE

Predicted For Investigation
of Staff Branches
of the Army.

ARMY OFFICERS OBJECT

To Giving Testimony Before a Board
Without Power to Compel Answers.
Shafter Makes His Report—No More
Men Will Be Mustered Out—Other
News.

Washington, Sept. 14.—The difficulty which is being experienced in the construction of the proposed commission for the investigation of the conduct of the staff branches of the army during war with Spain, has excited some discussion in military circles as to the possibility of the practical failure of an investigation by a commission. It develops that there is a decided disapproval among army officers of the proposition to have the conduct of the war investigated by a civil commission which cannot be clothed with any judicial authority.

The objection is not on account of any prejudice against civil authorities interfering in military matters, but is due to the fact that testimony before a commission not possessing judicial authority would be in a manner voluntary and would, it is said, put officers in the attitude of gratuitously giving testimony which might be damaging to individuals or to the administration of the war department.

Army officers say that it would be no trouble to get all the information there is concerning the campaign at Santiago, the management of the war through the department and the operations of the medical, the quartermaster's and the commissary departments, if a tribunal or board were organized with authority to compel testimony, but that officers will not jeopardize their own interests nor put themselves in the attitude of being voluntary informers, when the composition of the commission making the inquiry is not such as to make it compulsory upon them to tell what they may know. They say it will be impossible for a commission not having the power to compel testimony to get at the facts.

Most officers, they say, will make it a point of honor, as well as a matter of self-interest to decline to give testimony of any importance unless compelled to. If the commission could compel testimony, an officer giving testimony which might be damaging would have the excuse that he had no choice but to tell what he knew. In the absence of authority to compel testimony the witness would have a right to conceal or to decline to disclose any facts in his possession.

EFFECTIVENESS OF ARMS.

Commission Appointed to Ascertain
Which Pattern Was Most Serviceable.

Washington, Sept. 14.—The war department is preparing to look into the effectiveness of the arms in use during the Santiago campaign, as it furnishes a practical demonstration of their service under trying conditions and in actual warfare. To this end a board of officers has been named, as follows: Major Stanhope E. Blunt, Major Daniel M. Taylor, Captain Beverly W. Dunn and Lieutenant George W. Barr. They are ordered to meet at Camp Wikoff for conference with officers who were at Santiago, Cuba, with a view to obtaining information useful to the ordnance department concerning the action in equal service of the caliber 30 magazine rifle and its ammunition, the caliber 45 Springfield rifle and its ammunition, and the modern field artillery with its ammunition and equipment.

Men who work
on, in, or by the
water, or are ex-
posed to the cold
or damp are prone
to suffer from that
most painful dis-
ease, rheumatism.
This is a disease
of the blood and
can only be per-
manently cured
by going back to
first principles and
driving out all
impurities, and
filling the arteries
with a new, rich,
healthy life-stream.
This is the reason
why Dr. Pierce's Golden Medical
Discovery is an unfailing cure for that disease.
It creates a keen and hearty appetite. It
cures all disorders of the digestion and
makes the assimilation of the life-giving
elements of the food perfect. It invigorates
the liver and tones the nerves. It is
the greatest of all known blood-purifiers
and blood-purifiers. It builds firm, healthy
flesh, but does not make corpulent people
more corpulent. Unlike cod liver oil, it
does not make flabby flesh, but tears down
the unhealthy tissues that constitute cod
pulver, carries off and excretes them, and
replaces them with the solid, muscular tis-
sues of health. It drives all impurities,
disease germs and acids from the blood.
In Dr. Pierce's Common Sense Medical
Adviser many sufferers from rheumatism,
whose cases were considered hopeless, tell
the story of their recovery under this won-
derful medicine. Their names, addresses
and photographs are given by their own
request, and anyone who wishes to do so
may write them. Good druggists sell the
"Golden Medical Discovery."
It is the thinking of the larger profit he'll
make—not of your welfare.
"I suffered from rheumatism in my left shoulder
and elbow," writes Rev. Wilson Williams of
Trinity Station, Morgan Co., Ala. "Dr. Pierce's
Golden Medical Discovery completely cured me
at a cost of only one dollar."

WILL NOT AVOID.

Tremendous Pressure to Have Troops
Mustered Out.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. The situation does not admit of further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. The purpose at the outset was to muster out 100,000 volunteers. A little over 96,000 have been mustered out, and more will be mustered out, no matter what influence is brought to bear. The retention of the volunteers now in the service has in view the Philippine situation more than that of Cuba and Porto Rico, though there is a great deal of vagueness as to the danger apprehended there.

No New Cases of Yellow Fever.

San Juan de Porto Rico, Sept. 14.—No new cases of yellow fever have been reported from Ponce. The total remains at four cases, including two deaths, both of privates of the Nineteenth regular infantry. The board of surgeons is investigating these cases but has not yet made its report. Probably they will be found sporadic, and it is believed that they originated in the Spanish jail. Every precaution is being taken. General Brooke is inclined to doubt the diagnosis.

Sixth Illinois.

New York, Sept. 14.—The Sixth Illinois, from Porto Rico, enroute for home, disembarked from the Manitoba at Weehawken yesterday afternoon. The men were in good shape and very few were sick.

SHAFER'S REPORT.

It Covers the Whole Cuban Campaign.
Will Not Be Made Public at Present.

Washington, Sept. 14.—General Shafter yesterday submitted to the war department his report on the Santiago campaign, covering not only the battle of Santiago, but the entire progress of the military invasion of Cuba. The general, accompanied by his aide, Captain Milley, came to the department during the afternoon and in person handed the report to Adjutant General Corbin. He also brought with him two Cuban machetes to be presented to Mrs. Alger as mementoes of the campaign. The report is a voluminous document covering, with the supplementary report of division commanders, about 200 typewritten pages. Of this, General Shafter's report forms about half.

After submitting the report General Shafter conferred for some time with Acting Secretary McKeljohn and Adjutant General Corbin. It was stated afterward that the report would not be made public for the present, the desire being to place it first in the hands of the president and Secretary Alger and the sufficient time for a mature consideration of its contents. After that there is little doubt the material portions and perhaps the entire report will be made public. It repeats a story already pretty well known, although there is much interest in the view which the commanding general takes of several features of the campaign.

IN CONSULTATION.

President and Members of the Cabinet in
Conference.

Washington, Sept. 14.—Several members of the cabinet were at the white house in consultation with the president last night. Secretary Day spent some time there, presumably conferring over the instructions to the peace commissioners, and Secretaries Long and Bliss were also at the mansion.

Two of the gentlemen selected by the president to investigate the conduct of the war have practically accepted, Colonel Sexton and Dr. Gilman. The latter arrived in the city last night. Favorable responses are looked for from General Dodge and Dr. Keen, thus insuring four members of the body.

FOR THE INSURGENTS.

American Bank Abbey Lands Arms and
Ammunition.

Manila, Philippine Islands, Sept. 14.—The American Bank Abbey, with a cargo of arms and ammunition from the United States, which left Canton, ostensibly for Singapore under heavy bonds 10 days ago, has now, it is said, landed Krags-Jorgensen rifles and cartridges in Batangas province for the insurgents. The report seems impossible, though it comes from a good source. The indications yesterday were that the insurgents intend to comply peacefully with the American request to leave the suburbs of Manila on Sept. 15.

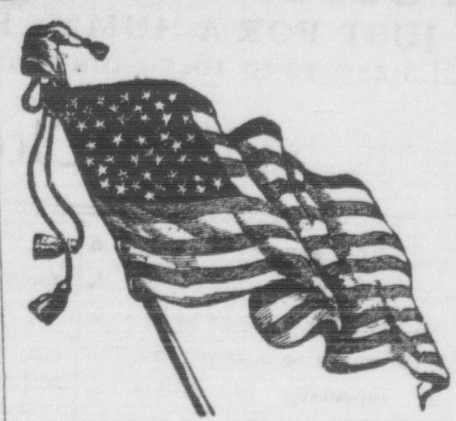

NURSES DESERT.

Thirty-Three Return to Their Regiments
at Lexington, Ky.

Lexington, Ky., Sept. 14.—Thirty-three nurses deserted from division hospital. They were privates detailed from various regiments and they went back to their regiments. They will be put under arrest as deserters and tried by court-martial. One of General Sanger's staff said last night that the men will be dealt with very severely.

Member of the 159th Indiana.

Philadelphia, Sept. 14.—Two sick soldiers who had been removed from camp to hospitals in this city died late yesterday. They were: William Robinson, Company H, One Hundred and Fifty-ninth Indiana volunteers, of Indian Rock, W. Va., and John McIntyre, Company H, First Pennsylvania volunteers, of Norristown, Pa. Both died at the Episcopal hospital of typhoid fever.

Jews to Be Furloughed.

New York, Sept. 14.—Adjutant General Corbin of the United States army, has consented and issued orders that 4,000 Jewish volunteers, who had either joined volunteer regiments, or had seen fighting at the front, during the late Spanish-American war, should receive furloughs to enable them to participate in the celebrations of the Orthodox Jewish Congregational Union of America.

May Be Brigadier General Durbin.

Anderson, Ind., Sept. 14.—A private telegram received here yesterday states that Colonel W. T. Durbin of the One Hundred and Sixty-first Indiana volunteers, at Jacksonville, Fla., has or will be appointed this week as brigadier general. The persons having the telegram refuse to say more.

Will Stay Till Frost Comes.

Camp Meade, Pa., Sept. 14.—The troops at this camp will stay in Pennsylvania until heavy frosts in Cuba make it safe to send the boys there for garrison duty.

Lawton's Health Report.

Washington, Sept. 14.—The following is General Lawton's daily health report for Santiago: Total sick, 7,000; total fever, 471; total new cases fever, 73; total returned to duty, 2,071; 1 death.

Loss Greater Than Estimated.

Vancouver, B. C., Sept. 14.—It is now estimated that the property loss of the New Westminster fire is greater than first announced. Major Owens and a commission have gone over the burned district and they estimate the loss at \$3,400,000. The insurance aggregates \$1,500,000.

Snow Succeeds Woodruff.

Salt Lake, Sept. 14.—At a special meeting of the Council of Apostles held yesterday, Lorenzo Snow was chosen president of the Church of Jesus Christ of Latter Day Saints, to fill the vacancy caused by the death of President Woodruff.

CUBANS SUSPICIOUS

Fear the United States
Will Establish a Policy
of Guardianship.

EASY TO FORESEE A CLASH

La Lucha's Comments on the Situation.
Gomez Favors Disbanding the Cuban
Troops—Presidential Election—An American
Protectorate Commission—An American
Protectorate Not Favorably Received.

Havana, Sept. 14.—The presence of Robert P. Porter, who is in Havana on a special commission from the United States government to study the financial and economic aspects of the situation, is regarded with suspicion by the party of free Cuba, as indicating the establishment of an American policy of guardianship.

Mr. Porter is preparing a revision of the Cuban tariff, which will probably be protective of Cuban industries, and is acquainting himself with every detail of local taxation.

His efforts and inquiries, taken together with the announcement that American troops will be sent later to occupy the island—which had hitherto been doubted by many—have had the effect of provoking protests from the more rabid Cubans, who are holding meetings and adopting resolutions against "Encroachment upon our rights as citizens of the free and independent republic of Cuba by the establishment of an American protectorate."

Commenting editorially upon these developments La Lucha says: "It is easy to foresee a clash between the two tendencies—two forces on the political horizon of Cuba—the sentimental independent party, and the party of practical annexationists. On one hand stands the Cuban sentiment which has struggled for freedom for three years; on the other is arrayed every material interest in the island, which looks first and foremost for the greatest and strongest guarantee, but that there will be a future development in these very interests."

"It is too early yet to predict with which party the victory will lie, but the leaders of the national Cuban party should not allow themselves to be carried away by the natural exaltation and fiery temperament of their race. They should proceed with tact and discretion at this juncture, for otherwise, annexation may become an accomplished fact far sooner than is expected."

General Maximo Gomez is known to favor the early disbanding of the Cuban troops and return to the arts of peace. The American and Spanish evacuation commissioners have decided that, for the present, they would discuss the more important points to come under their consideration by letter and only meet in joint session later to discuss details. Therefore no joint sessions will be held for some time.

These two problems, independence and annexation, are the chief topics discussed, and the idea of an American protectorate, with military occupation, is nowhere favorably considered. Everywhere it is recognized that the choice is between independence and annexation.

Next month, at the headquarters of the so-called Cuban republican government at Cabañas, province of Puerto Principe, representatives of the different corps of the Cuban army will proceed to a presidential election and a definite constitution of the government.

Already four presidential nomination tickets are in the field. On the first are the names of Bartolome Maso for president and Meldez Capote for vice president; on the second, the names of Meldez Capote for the first place and Jose Miguel Gomez for the second; on the third are Jose Miguel Gomez and Pedro Botancario, and on the fourth Calixto Garcia and Jose Miguel Gomez.

OUR TRADE.

Monthly Statement Showing the Imports
and Exports.

Washington, Sept. 14.—The monthly statement of the imports and exports of the United States for August shows the imports of merchandise to have aggregated \$49,178,844, a decrease, compared with August 1897, of about \$9,500,000. Of the imports during August \$21,359,693 were free of duty.

The August exports of domestic merchandise amounted \$53,262,478, an increase of nearly \$4,000,000. The imports of gold amounted to \$6,822,027 and the exports \$1,955,908. The silver imports were \$3,545,610 and the exports \$4,708,478.

FOR WIFE POISONING

Ben Chestnut, a Farmer, in Jail Under
Suspicion of Murder.

Barboursville, Ky., Sept. 14.—Ben Chestnut, a farmer, is in jail here under suspicion of having poisoned his wife. The woman's body has been exhumed, and physicians who examined it say that death was due to poison. The stomach has been removed and has been sent to Louisville, where Dr. Woody will make an examination.

Mrs. Chestnut died on the morning of Sept. 2, after having been sick but a short time. She was taken suddenly ill after breakfast. She and her husband had had many quarrels over a neighbor woman, to whom, it is alleged, Chestnut had been paying attentions.

The Maine Election.

Portland, Me., Sept. 14.—The returns from the state election are very slow, 228 towns out of 430 have been heard from, and they give Powers (Rep.), 40,597; Lord (Dem.), 32,296. The same towns in 1894 gave Cleaves (Rep.), 50,633; Johnson (Dem.), 22,973. This shows a Republican loss of about 20 per cent. Revised figures in the First district with three small towns missing, shows a plurality for Reed of 5,313. His plurality in 1891 was over 9,000. In the Second district Burleigh's majority is between 7,000 and 8,000.

Gone to Manitoba.

Flora, Ind., Sept. 14.—Peter O'Reilly, superintendent of the poorfarm, has abandoned his position and his family and gone to Manitoba. He "squared up" with the commissioners, drew his salary and left here, and, arriving in Cuba, wrote his wife that he would not return, but would send money with which to educate their daughter. The county commissioners say the poorfarm was never in a better condition than when under Mr. O'Reilly's management.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

Townships.	Dem.	Rep.
Brownstown.....	16	16
Carr.....	8	8
Driftwood.....	6	6
Grassyfork.....	6	6
Owen.....	8	8
Saltcreek.....	12	12
Hamilton.....	9	9
Vernon.....	11	11
Washington.....	4	4
Jackson.....	37	37
Redding.....	8	8

3.—That all voters who desire to act in this convention are requested to meet in their respective townships on Friday, September 16th, 1898, at one o'clock p. m. and select their allotment of delegates according to section No. 2 and also two committeemen from each precinct of the township, one of whom shall be a democrat and one a republican. The list of delegates and committeemen to be reported to the county convention at 10 a. m. Sept. 17.

4.—The places for holding the township meetings shall be as follows:

Brownstown.....Brownstown

ANNOUNCEMENT.

FOR CLERK.

JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

D. W. RAPP, of Redding township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.

FOR SHERIFF.

R. C. Lett, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.

Township Fusion Convention.

Pursuant to the call issued by the joint committee of democrats and republicans the voters of Jackson township will meet in mass convention, Friday evening Sept. 16, at 7:30 o'clock, in Armony Hall in the city of Seymour for the purpose of selecting seventyfour (74) delegates to the county convention to be held in Seymour, September 17. Also to select two committeemen from each precinct as directed by the committee. The apportionment of delegates and committeemen to be in accordance with the joint committee's call as found in another column.

HENRY PRICE,
Chairmen of Tp. Committees.

SECRETARY GAGG has notified the holders of the old currency "sixes," which will be payable January 1, that he is willing to redeem them whenever presented. There are about \$14,000,000 of these bonds.

ONLY a few more days until the street fair. Be ready for it. If you are intending to put up a booth don't wait until the last minute to do it. Carpenters will be in demand every day from now until all the booths are up. Don't be the last man to begin.

The democrats are trying to get some satisfaction out of the election in Maine, where the republicans made a clean sweep. To be sure, as is usually the result at the next election after a national election, the vote was not as large as in 1896. But the democratic vote was also less in this election than it was for Bryan and Sewell. They must not forget to do a little subtracting for themselves.

It is expected that the total income of the post-office department in the current year will exceed \$100,000,000, which sum exceeds all previous annual records of the department by more than \$18,000,000. From figures already given out it is estimated that instead of there being a deficit, as is usual in the postal revenues, there will be a surplus of not less than \$5,000,000. This is indicative of the industrial activity throughout the country.

COMMISSIONER EVANS has issued a statement in answer to the charge made by Kansas populists, that his administration of the pension bureau was harsh and unjust. He shows that the average number of pensions allowed under him has been much higher than under his predecessor, and the average number of rejections much lower, a showing which would not be possible if the charge was true. One source of grumbling has been that Commissioner Evans has, from the day he assumed office, given application for original pensions precedence over applications for an increase, on the ground that those who had no pension should be waited upon before those who had a pension that they wished increased, but no amount of grumbling can make that an unjust policy.

THE 159th MARCHES.

Erect and Vigorous-Looking Men Make a Fine Appearance.

Colonel Barnett's regiment marched through the streets this morning on its way to Camp Mount. The men slept in their tourist sleepers in the Pennsylvania yards last night, and about 7:30 the trains were taken to the Union Station, where the volunteers had hot coffee, hard tack and corned-beef for breakfast. They were a hardy-looking lot of men, and, while about every man said he had lost flesh since leaving Indianapolis, their faces gave little indication that had undergone unusual army hardships. Their cheeks were tanned and their hands were browned. Some of their uniforms were slightly faded, but after they had removed some of the travel stains, they were a trim-looking lot of soldiers who had an active step.

In Washington street the marching order was changed from "fours" to platoons. In making the change the men took double quick steps, scattering stray bicycles, buggies and spectators and causing amusement. They ran, too, with vigorous step and a well-trained air. Their cleanliness and "huskiness" and their erectness of bearing caused general remark about the contrast they made with the One-hundred-and-fifty-seventh Regiment men, whose health was poorer and who had marched burdened with luggage and with their travel stains still on them. The One-hundred-and-fifty-ninth Regiment made a fine showing.

POLITICAL BREVITIES.

C. J. Reynolds, candidate for county clerk, spent Tuesday here: He is hustling for the nomination.

The several townships of the county will select their delegates Friday to the convention which meets here Saturday to put a county ticket in the field.

The county convention at Seymour Saturday will bring together a large number of the voters of the county who are opposed to the ring rule that has so long held sway in county affairs.

Josephus Goss, of Owen township, has decided to be a candidate for county sheriff before the convention at Seymour, September 17. Mr. Goss is one of the well known republicans and citizens of Jackson county. He was elected trustee of his township in 1888.

The board of election commissioners have decided against printing the names of the candidates for appellate court nominated by the democratic state convention on the ground that no vacancy on that bench exist. The democratic committee will bring mandamus proceedings against the board within a few days.

The republican state central committee will meet today in the parlors of the Denison to look over the field before the opening of the campaign. There are, however, no differences to settle and little to discuss, the purpose of the meeting being to ascertain if there is anything that requires attention, rather than to give attention to anything now apparent.

The democrats might ask themselves when they ever did, or offered to do anything for the army.

OREGON, Vermont and Maine have held their elections and elected republican congressmen in every district. A surprisingly clean score for an off year such as the democrats hoped for.

It is said that Colonel Durbin, of the 161st, will be appointed a brigadier-general in the near future. He is coming to the front right rapidly. He is very popular with the officers and men of his regiment.

The populists are a little more active than they have been in Indiana. They hold a committee meeting in Indianapolis this week and say they are arranging to make politics warm in Indiana during October.

The ringsters who have so long dominated the affairs of Jackson county began to realize that the people want a change. In spite of all they can do the change is coming. The ticket to be nominated at Seymour Saturday will be triumphantly elected in November.

COURT NOTES.

Our attorneys went to court this forenoon.

Col. Simeon Stensifer returned last night to Columbus from attending court.

Next week is the last week of the present term of the Jackson circuit court.

The suit of Mrs. Malinda Downs, of Jennings county, against the B. & O. S. W. for damages for personal injuries is set for trial tomorrow.

Prosecutor Honan, John M. Lewis and A. N. Munden drove home from Brownstown this forenoon. They were all connected with the trial of the State against Henry Gardiner.

The case of the State vs William Railing will be called up for trial next Tuesday. Mr. Railing is also charged with unlawfully getting money from the Illinois colored troops who wanted to be accommodated with change.

The case of the state against George Harris charged with assault and battery with intent to kill, will be called during this term of court and it is understood he will ask for a change of venue from the county. Zarring and Hottell, of Salem, will probably defend him.

Divorces were granted this term of court in the following cases:

ARMY AND NAVY GUNS.

A Vast Difference in the Number of Men Required to Handle Them.

The number of men required to man naval guns of the British, French, German and American navies is about the same, although the French are understood to have more men as a rule for some of the larger guns.

For the 4 inch and 5 inch all services require four men to work each piece; for the 6 inch, six men are needed, and for the 10, 12 and 13 inch the same number.

As nearly all our 8, 10, 12 and 13 inch guns are used in pairs and mounted in turrets the 12 men working them are protected by heavy plates of steel. For the little 1 pounders three men are necessary to work them rapidly, and for the 3 pounders and 6 pounders four men are assigned, and for the Hotchkiss three men.

Treble the number of men seem to be required to work the same caliber of guns in our coast defense system, although there is no special reason for this, unless it be due to the fact that the army guns are mounted on disappearing carriages and are not provided with turrets, which naturally limits the space of the operators. An army 8 inch gun takes 15 men to work it; a 10 inch gun requires 18 men, and a 12 inch gun, the largest now constructed by the army, calls for 21 men.

It will be seen, therefore, that a 13 inch naval gun is operated by six men, while an army gun of one inch less caliber calls for 21 men. The navy gun can be fired just as rapidly with its six men as the army gun can be fired with its larger number.—Boston Herald.

It is said that a stranger, seeing a soldier in full highlander uniform shivering in a cold wind, asked him: "Sandy, are you cold with the kilt?" "Na, na, na," the soldier answered indignantly, "but I'm nigh kilt with the cauld!"—Exchange.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

Townships.	Dem.	Rep.
Brownstown.....	16	16
Carr.....	8	8
Driftwood.....	6	6
Grassyfork.....	6	6
Owen.....	8	8
Saltercreek.....	12	12
Hamilton.....	9	9
Vernon.....	11	11
Washington.....	4	4
Jackson.....	37	37
Redding.....	8	8

3.—That all voters who desire to act in this convention are requested to meet in their respective townships on Friday, September 16th, 1898, at one o'clock p. m. and select their allotment of delegates according to section No. 2 and also two committeemen from each precinct of the township, one of whom shall be a democrat and one a republican. The list of delegates and committeemen to be reported to the county convention at 10 a. m. Sept. 17.

4.—The places for holding the township meetings shall be as follows:

Brownstown.....	Brownstown
Carr.....	Medora
Driftwood.....	Vallonia
Grassyfork.....	Tampico

Township Fusion Convention.

Pursuant to the call issued by the joint committee of democrats and republicans the voters of Jackson township will meet in said convention, Friday evening Sept. 16, at 7:30 o'clock, in Armony Hall in the city of Seymour for the purpose of selecting seventyfour (74) delegates to the county convention to be held in Seymour, September 17. Also to select two committeemen from each precinct as directed by the committee. The apportionment of delegates and committeemen to be in accordance with the joint committee's call as found in another column.

SECRETARY GAGE has notified the holders of the old currency "sixes," which will be payable January 1, that he is willing to redeem them whenever presented. There are about \$14,000,000 of these bonds.

ONLY a few more days until the street fair. Be ready for it. If you are intending to put up a booth don't wait until the last minute to do it. Carpenters will be in demand every day from now until all the booths are up. Don't be the last man to begin.

The democrats are trying to get some satisfaction out of the election in Maine, where the republicans made a clean sweep. To be sure, as is usually the result at the next election after a national election, the vote was not as large as in 1896. But the democratic vote was also less in this election than it was for Bryan and Sewell. They must not forget to do a little subtracting for themselves.

It is expected that the total income of the post-office department in the current year will exceed \$100,000,000, which sum exceeds all previous annual records of the department by more than \$18,000,000. From figures already given out it is estimated that instead of there being a deficit, as is usual in the postal revenues, there will be a surplus of not less than \$5,000,000. This is indicative of the industrial activity throughout the country.

COMMISSIONER EVANS has issued a statement in answer to the charge made by Kansas populists, that his administration of the pension bureau was harsh and unjust. He shows that the average number of pensions allowed under him has been much higher than under his predecessor, and the average number of rejections much lower, a showing which would not be possible if the charge was true. One source of grumbling has been that Commissioner Evans has, from the day he assumed office, given application for original pensions precedence over applications for an increase, on the ground that those who had no pension should be waited upon before those who had a pension that they wished increased, but no amount of grumbling can make that an unjust policy.

THE 159th MARCHES.

Erect and Vigorous-Looking Men Make a Fine Appearance.

Colonel Barnett's regiment marched through the streets this morning on its way to Camp Mount. The men slept in their tourist sleepers in the Pennsylvania yards last night, and about 7:30 the trains were taken to the Union Station, where the volunteers had hot coffee, hard tack and corned-beef for breakfast. They were a hardy-looking lot of men, and, while about every man said he had lost flesh since leaving Indianapolis, their faces gave little indication that had undergone unusual army hardships. Their cheeks were tanned and their hands were browned. Some of their uniforms were slightly faded, but after they had removed some of the travel stains, they were a trim-looking lot of soldiers who had an active step.

In Washington street the marching order was changed from "fours" to platoons. In making the change the men took double quick steps, scattering stray bicycles, buggies and spectators and causing amusement. They ran, too, with vigorous step and a well-trained air. Their cleanliness and "huskiness" and their erectness of bearing caused general remark about the contrast they made with the One-hundred-and-fifty-seventh Regiment men, whose health was poorer and who had marched burdened with luggage and with their travel stains still on them. The One-hundred-and-fifty-ninth Regiment made a fine showing.—Indianapolis News, Tuesday.

No man in the country has such a passion for speech making as W. J. Bryan, and for that reason he is now troubled. He wants to take part in the campaign, especially in Nebraska. But he is colonel of a Nebraska regiment that will be a part of the army to go to Cuba. He can't very well resign and go to speech making, and it would not look well for him to go home on a furlough to talk free silver for a month. How sorely troubled he must be. Refraining from speechmaking will be harder on him than military service.

THE AMERICAN SAILOR.

Jacky Has Become a Specialist and a Credit to the Navy.

Jacky, who used to be more sailor than gunner, is now more gunner than sailor. Just in proportion as he has ceased to be a part of the great engine on which he lives, so he has come more and more into the control of it, and as the cardinal purpose of a warship is to hit things with her projectiles Jacky has become a specialist in getting that work out of her. He does it in two places—at the guns and at the engines. Correctly pointed guns are of no use unless the platform on which they rest is put in proper relation to the thing to be hit and kept there. Equally it is useless to get the ship into proper place unless the guns are correctly pointed. Men who can do either of these things must have natural capacities and be susceptible to education, and only men of this sort are eligible for our navy.

Accordingly the "beach comber," or the "rock scorpion," or any other variety of that ruck of marine refuse which drifts around the great maritime ports and ships in any craft where "grub" is plenty and work light, no longer slings his hammock on Uncle Sam's berth deck, as he used to do, to the shame of the service, in years gone by. Nor can the tramp nor the jailbird nor even the incorrigible black sheep of the family thus be provided for, to the relief of constables and long suffering relatives. Burrah!

W. J. Spratley, the Egyptologist, thinks that "there can be no doubt that the Egyptian soldiers in ancient times went into the battle to the inspiring cheer of the 'Hoo Ra! Hoo Ra! Hoo Ra!' and if the average questioning man asks why he replies with this, 'Because Hoo Ra (in the tongue of the Ramesses) means 'the king, the king, the king!'"

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

ELLI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Mancel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

PRACTICAL FAILURE

Predicted For Investigation of Staff Branches of the Army.

ARMY OFFICERS OBJECT

To Giving Testimony Before a Board Without Power to Compel Answers. Shafter Makes His Report—No More Men Will Be Mustered Out—Other News.

Washington, Sept. 14.—The difficulty which is being experienced in the construction of the proposed commission for the investigation of the conduct of the staff branches of the army during war with Spain, has excited some discussion in military circles as to the possibility of the practical failure of an investigation by a commission. It develops that there is a decided disapproval among army officers of the proposition to have the conduct of the war investigated by a civil commission which cannot be clothed with any judicial authority.

The objection is not on account of any prejudice against civil authorities interfering in military matters, but is due to the fact that testimony before a commission not possessing judicial authority would be in a manner voluntary and would, it is said, put officers in the attitude of gratuitously giving testimony which might be damaging to individuals or to the administration of the war department.

Army officers say that it would be no trouble to get all the information there is concerning the campaign at Santiago, the management of the war through the department and the operations of the medical, the quartermaster's and the commissary departments, if a tribunal or board were organized with authority to compel testimony, but that officers will not jeopardize their own interests nor put themselves in the attitude of being voluntary informers, when the composition of the commission making the inquiry is not such as to make it compulsory upon them to tell what they may know. They say it will be impossible for a commission not having the power to compel testimony to get at the facts.

Most officers, they say, will make it a point of honor, as well as a matter of self-interest to decline to give testimony of any importance unless compelled to. If the commission could compel testimony, an officer giving testimony which might be damaging would have the excuse that he had no choice but to tell what he knew. In the absence of authority to compel testimony the witness would have a right to conceal or to decline to disclose any facts in his possession.

EFFECTIVENESS OF ARMS.

Commission Appointed to Ascertain Which Pattern Was Most Serviceable.

Washington, Sept. 14.—The war department is preparing to look into the effectiveness of the arms in use during the Santiago campaign, as it furnishes a practical demonstration of their service under trying conditions and in actual warfare. To this end a board of officers has been named, as follows:

Major Stanhope E. Blunt, Major Daniel M. Taylor, Captain Beverly W. Dunn and Lieutenant George W. Burr. They are ordered to meet at Camp Wikoff for conference with officers who were at Santiago, Cuba, with a view to obtaining information useful to the ordnance department concerning the action in equal service of the caliber 30 magazine rifle and its ammunition, the caliber 45 Springfield rifle and its ammunition, and the modern field artillery with its ammunition and equipment.

Men who work on, in, or by the water, or are exposed to the cold or damp are prone to suffer from that most painful disease, rheumatism. This is a disease of the blood and can only be permanently cured by going back to first principles and driving out all impurities, and filling the arteries with a new, rich, red, healthy life-stream.

This is the reason why Dr. Pierce's Golden Medical Discovery is an unfailing cure for that disease. It creates a keen and hearty appetite. It cures all disorders of the digestion and makes the assimilation of the life-giving elements of the food perfect. It invigorates the liver and tones the nerves. It is the greatest of all known blood-purifiers and blood-purifiers. It builds firm, healthy, more corpulent. Unlike cod liver oil, it does not make flabby flesh, but tears down the unhealthy tissues that constitute a weak, flabby, and excretes them, and replaces them with the solid, muscular tissues of health. It drives all impurities, disease germs and acids from the system. In Dr. Pierce's Common Sense Medical Adviser many sufferers from rheumatism, whose cases were considered hopeless, tell the story of their recovery under this wonderful medicine. Their names, addresses and photographs are given by their own request, and anyone who wishes to do so may write them. Good druggists sell the "Golden Medical Discovery."

When a dealer urges some substitute he's thinking of the larger profit he'll make—not of your welfare.

"I suffered from rheumatism in my left shoulder and elbow," writes Rev. Wilson Williams of Trinity Station, Morgan Co., Ala. "Dr. Pierce's Golden Medical Discovery completely cured me at a cost of only four dollars."

WILL NOT AVAIL.

Tremendous Pressure to Have Troops Mustered Out.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. The situation does not admit of further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. The purpose at the outset was to muster out 100,000 volunteers. A little over 90,000 have been mustered out, and more will be mustered out, no matter what influence is brought to bear. The retention of the volunteers now in the service has in view the Philippine situation more than that of Cuba and Porto Rico, though there is a great deal of vagueness as to the danger apprehended there.

No New Cases of Yellow Fever.

San Juan de Porto Rico, Sept. 14.—No new cases of yellow fever have been reported from Ponce. The total remains at four cases, including two deaths, both of privates of the Nineteenth regular infantry. The board of surgeons is investigating these cases but has not yet made its report. Probably they will be found sporadic, and it is believed that they originated in the Spanish jail. Every precaution is being taken. General Brooke is inclined to doubt the diagnosis.

Sixth Illinois.

New York, Sept. 14.—The Sixth Illinois, from Porto Rico, enroute for home, disembarked from the Manitoa at Wehaken yesterday afternoon. The men were in good shape and very few were sick.

SHAFTER'S REPORT.

It Covers the Whole Cuban Campaign. Will Not Be Made Public at Present.

Washington, Sept. 14.—General Shafter yesterday submitted to the war department his report on the Santiago campaign, covering not only the battle of Santiago, but the entire progress of the military invasion of Cuba. The general, accompanied by his aide, Captain Miles, came to the department during the afternoon and in person handed the report to Adjutant General Corbin. He also brought with him two Cuban machetes to be presented to Mrs. Alger as mementoes of the campaign. The report is a voluminous document covering, with the supplementary report of division commanders, about 200 typewritten pages. Of this, General Shafter's report forms about half.

After submitting the report General Shafter conferred for some time with Acting Secretary Meiklejohn and Adjutant General Corbin. It was stated afterward that the report would not be made public for the present, the desire being to place it first in the hands of the president and Secretary Alger and allow sufficient time for a mature consideration of its contents. After that there is little doubt the material portions and perhaps the entire report will be made public. It repeats a story already pretty well known, although there is much interest in the view which the commanding general takes of several features of the campaign.

IN CONSULTATION.

President and Members of the Cabinet in Conference.

Washington, Sept. 14.—Several members of the cabinet were at the white house in consultation with the president last night. Secretary Day spent some time there, presumably conferring over the instructions to the peace commissioners, and Secretaries Long and Bliss were also at the mansion.

Two of the gentlemen selected by the president to be members of the commission to investigate the conduct of the war have practically accepted, Colonel Sexton and Dr. Gilman. The latter arrived in the city last night. Favorable responses are looked for from General Dodge and Dr. Keen, thus insuring four members of the body.

FOR THE INSURGENTS.

American Bark Abbey Lands Arms and Ammunition.

Manila, Philippine Islands, Sept. 14.—The American bark Abbey, with a cargo of arms and ammunition from the United States, which left Canton, ostensibly for Singapore under heavy bonds 10 days ago, has now, it is said, landed Krag-Jorgensen rifles and cartridges in Batangas province for the insurgents. The report seems impossible, though it comes from a good source.

The indications yesterday were that the insurgents intend to comply peacefully with the American request to leave the suburbs of Manila on Sept. 15.

NURSES DESERT.

Thirty-Three Return to Their Regiments at Lexington, Ky.

Lexington, Ky., Sept. 14.—Thirty-three nurses deserted from division hospital. They were privates detailed from various regiments and they went back to their regiments. They will be put under arrest as deserters and tried by court-martial. One of General Sanger's staff said last night that the men will be dealt with very severely.

Member of the 159th Indiana.

Philadelphia, Sept. 14.—Two sick soldiers who had been removed from camp to hospitals in this city died late yesterday. They were: William Robinson, Company H, One Hundred and Fifty-ninth Indiana volunteers, of Indian Rock, W. Va., and John McIntyre, Company H, First Pennsylvania volunteers, of Norristown, Pa. Both died at the Episcopal hospital of typhoid fever.

Jews to Be Furloughed.

New York, Sept. 14.—Adjutant General Corbin of the United States army, has consented and issued orders that 4,000 Jewish volunteers, who had either joined volunteer regiments, or had been fighting at the front, during the late Spanish-American war, should receive furloughs to enable them to participate in the celebrations of the Orthodox Jewish Congregational Union of America.

May Be Brigadier General Durbin.

Anderson, Ind., Sept. 14.—A private telegram received here yesterday states that Colonel W. T. Durbin of the One Hundred and Sixty-first Indiana volunteers, at Jacksonville, Fla., has or will be appointed this week as brigadier general. The persons having the telegram refuse to say more.

Will Stay Till Frost Comes.

Camp Meade, Pa., Sept. 14.—The troops at this camp will stay in Pennsylvania until heavy frosts in Cuba make it safe to send the boys there for garrison duty.

Lawton's Health Report.

Washington, Sept. 14.—The following is General Lawton's daily health report for Santiago: Total sick, 790; total fever, 471; total new cases fever, 73; total returned to duty, 207; 1 death.

Loss Greater Than Estimated.

Vancouver, B. C., Sept. 14.—It is now estimated that the property loss of the New Westminster fire is greater than first announced. Major Owens and a commission have gone over the burned district and they estimate the loss at \$3,400,000. The insurance aggregates \$1,500,000.

Snow Succeeds Woodruff.

Salt Lake, Sept. 14.—At a special meeting of the Council of Apostles held yesterday, Lorenzo Snow was chosen president of the Church of Jesus Christ of Latter Day Saints, to fill the vacancy caused by the death of President Woodruff.

CONVENTION CALL.
Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and
Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:
1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.
2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:
Towns. Dem. Rep.

FOR CLERK.
JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.
D. W. RAPP, of Redding township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.
FOR SHERIFF.
R. C. Lett, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.
Township Fusion Convention.
Pursuant to the call issued by the joint committee of democrats and republicans the voters of Jackson township will meet in m. a. s. convention, Friday evening Sept. 16, at 7:30 o'clock, in Armony Hall in the city of Seymour for the purpose of selecting seventyfour (74) delegates to the county convention to be held in Seymour, September 17. Also to select two committeemen from each precinct as directed by the committee. The apportionment of delegates and committeemen to be in accordance with the joint committee's call as found in another column.

HENRY PRICE,
Chairmen of Tp. Committees.
SECRETARY GAGE has notified the holders of the old currency "sixes," which will be payable January 1, that he is willing to redeem them whenever presented. There are about \$14,000,000 of these bonds.
ONLY a few more days until the street fair. Be ready for it. If you are intending to put up a booth don't wait until the last minute to do it. Carpenters will be in demand every day from now until all the booths are up. Don't be the last man to begin.
The democrats are trying to get some satisfaction out of the election in Maine, where the republicans made a clean sweep. To be sure, as is unusually the result at the next election after a national election, the vote was not as large as in 1896. But the democratic vote was also less in this election than it was for Bryan and Sewell. They must not forget to do a little subtracting for themselves.
It is expected that the total income of the post-office department in the current year will exceed \$100,000,000, which sum exceeds all previous annual records of the department by more than \$18,000,000. From figures already given out it is estimated that instead of there being a deficit, as is usual in the postal revenues, there will be a surplus of not less than \$5,000,000. This is indicative of the industrial activity throughout the country.
COMMISSIONER EVANS has issued a statement in answer to the charge made by Kansas populists, that his administration of the pension bureau was harsh and unjust. He shows that the average number of pensions allowed under him has been much higher than under his predecessor, and the average number of rejections much lower, a showing which would not be possible if the charge was true. One source of grumbling has been that Commissioner Evans has, from the day he assumed office, given application for original pensions precedence over applications for an increase, on the ground that those who had no pension should be waited upon before those who had a pension that they wished increased, but no amount of grumbling can make that an unjust policy.

THE 159th MAROCHES.
Erect and Vigorous-Looking Men Make a Fine Appearance.
Colonel Barnett's regiment marched through the streets this morning on its way to Camp Mount. The men slept in their tourist sleepers in the Pennsylvania yards last night, and about 7:30 the trains were taken to the Union Station, where the volunteers had hot coffee, hard tack and corned-beef for breakfast. They were a hardy-looking lot of men, and, while about every man said he had lost flesh since leaving Indianapolis, their faces gave little indication that had undergone unusual army hardships. Their cheeks were tanned and their hands were browned. Some of their uniforms were slightly faded, but after they had removed some of the travel stains, they were a trim-looking lot of soldiers who had an active step.
In Washington street the marching order was changed from "fours" to platoons. In making the change the men took double quick steps, scattering stray bicycles, buggies and spectators and causing amusement. They ran, too, with vigorous step and a well-trained air. Their cleanliness and "huskiness" and their erectness of bearing caused general remark about the contrast they made with the One-hundred-and-fifty-seventh Regiment men, whose health was poorer and who had marched burdened with luggage and with their travel stains still on them. The One-hundred-and-fifty-ninth Regiment made a fine showing.—Indianapolis News, Tuesday.
POLITICAL BREVITIES.
C. J. Reynolds, candidate for county clerk, spent Tuesday here: He is hustling for the nomination.
The several townships of the county will select their delegates Friday to the convention which meets here Saturday to put a county ticket in the field.
The county convention at Seymour Saturday will bring together a large number of the voters of the county who are opposed to the ring rule that has so long held sway in county affairs.
Josephus Goss, of Owen township, has decided to be a candidate for county sheriff before the convention at Seymour, September 17. Mr. Goss is one of the well known republicans and citizens of Jackson county. He was elected trustee of his township in 1888.
The board of election commissioners have decided against printing the names of the candidates for appellate court nominated by the democratic state convention on the ground that no vacancy on that bench exist. The democratic committee will bring mandamus proceedings against the board within a few days.
The republican state central committee will meet today in the parlors of the Denison to look over the field before the opening of the campaign. There are, however, no differences to settle and little to discuss, the purpose of the meeting being to ascertain if there is anything that requires attention, rather than to give attention to anything now apparent.
The democrats might ask themselves when they ever did, or offered to do anything for the army.
OREGON, Vermont and Maine have held their elections and elected republican congressmen in every district. A surprisingly clean score for an off year such as the democrats hoped for.
It is said that Colonel Durbin, of the 161st, will be appointed a brigadier-general in the near future. He is coming to the front right rapidly. He is very popular with the officers and men of his regiment.
The populist are a little more active than they have been in Indiana. They hold a committee meeting in Indianapolis this week and say they are arranging to make politics warm in Indiana during October.
The ringsters who have so long dominated the affairs of Jackson county begin to realize that the people want a change. In spite of all they can do the change is coming. The ticket to be nominated at Seymour Saturday will be triumphantly elected in November.

THE AMERICAN SAILOR.
Jacky Has Become a Specialist and a Credit to the Navy.
Jacky, who used to be more sailor than gunner, is now more gunner than sailor. Just in proportion as he has ceased to be a part of the great engine on which he lives, so he has come more and more into the control of it, and as the cardinal purpose of a warship is to hit things with her projectiles Jacky has become a specialist in getting that work out of her. He does it in two places—at the guns and at the engines. Correctly pointed guns are of no use unless the platform on which they rest is put in proper relation to the thing to be hit and kept there. Equally it is useless to get the ship into proper place unless the guns are correctly pointed. Men who can do either of these things must have natural capacities and be susceptible to education, and only men of this sort are eligible for our navy.
Accordingly the "beach comber," or the "rock scorpion," or any other variety of that ruck of marine refuse which drifts around the great maritime ports and ships in any craft where "grub" is plenty and work light, no longer slings his hammock on Uncle Sam's berth deck, as he used to do, to the shame of the service, in years gone by. Nor can the tramp nor the jailbird nor even the incorrigible black sheep of the family thus be provided for, to the relief of constables and long suffering relatives. No man or boy can now pass a United States naval recruiting office unless he is clean, healthy, honest, young, strong and intelligent, nor can he afterward get that advancement, which is certainly open to him without fear of aptitude and ability.—Park Benjamin in Independent.
Hurrah!
W. J. Spratley, the Egyptologist, thinks that "there can be no doubt that the Egyptian soldiers in ancient times went into the battle to the inspiring cheer of the 'Hoo Ra! Hoo Ra! Hoo Ra!' and if the average questioning man asks why he replies with this, 'Because Hoo Ra (in the tongue of the Rameses) means 'the king, the king, the king!'"
Turning the Stock.
A writer in The Dry Goods Chronicle says: "A good point for the retail merchant to remember is that it is not how large a business he does, but how many times his stock is turned in the course of the year, that really indicates the successful merchant."
Remarkable Rescue.
Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure here. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at W. F. Peter's drug store. Large bottles 50 cents and \$1.00.

Robbed the Grave.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition my skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at W. F. Peter's drug store, Bedford Fair.

The Bedford fair will be held next week and from reports will be one of the very best they ever held over there. Jackson county will have many representatives there.

Gardiner Acquitted.

Henry Gardiner, who was on trial in the circuit court Tuesday was acquitted. He was charged with not returning money belonging to a member of the Illinois colored regiment that passed through here some time ago, and which had been given to him to have changed. There was some strong evidence against him, but his attorneys produced a sufficient amount of evidence in his favor to raise a doubt of his guilt in the minds of the jurymen. Those who heard the evidence say Gardiner had a narrow escape.
